WOULD ANNUL MARRIAGE

M. S. Nelson Applies for Writ of Habeas Corpus to Gain Possession of His Daughter.

Today Judge Terrell of the County Court is hearing a case both interesting and peculiar. S. M. Nelson of the Wapanucka country, in Johnston County, has applied for a writ of habeas corpus to gain possession of a daughter who on the 21st was married to one Louis Page, a full-blood Indian.

The application for the writ sets out that Page through fraudulent means procured license for marriage in the county judge's office at Ada, on the 19th inst., and that on the 21st was married to Hattie Nelson, the minor child of the plaintiff, in the case.

It is unlawful for a girl of less than 18 years of age to marry without the consent of the parents, and in this case, forged order from Hattie Nelson's father was produced and the license were issued to Page because of this. It is reported, however, it has not yet been brought

out, that the young bride claims that she wrote the order for the papers herself and signed her father's name to same, and that Page had nothing to do with it. When the hearing for the writ has been concluded Page will be tried before Justice Brown on the charge of forgery.

The young couple were arrested at Wapanucka several days ago and brought to Ada. Page made bond, and he and his young "pale face" bride have been stopping at the Byrd Hotel.

The bride is attractive and the groom seems to be a very intelligent Chickasaw. They seem to be feverently devoted one to the other, and it looks as though the effort to annul the marriage and keep them apart will prove futile.

Judge J. P. Wood, formerly of Ada, but now of Wapanucka, is here as attorney for the plaintiff, and R. C. Roland of this city is representing the defendant.

Ada Again Victorious.

Yesterday's game proved to be another good one, Ada defeating Lehigh by a score of 4 to 3. The game was interesting from start to finish, being but few errors made on either side and many good plays. Atkins was in the box for Ada, and with his usual speed and swift wing work, held Lehigh down to only six hits. Up to the first half of the fourth inning Lehigh could not get a man to first base.

Atkins has kept his pitching ability hidden until recently and no one knew that he was capable of doing anything only good fielding and fast base running to accompany his good stick work. His pitching is excellent and he has not lost a game this season.

Another close game is expected this afternoon which closes the series with Lehigh.

The main feature of yesterday's game was a three base hit by

Braun for Ada, and Boggs for Lehigh.

Following is the score:

THE CHURCHES.

First Methodist Church.

The Oklahoma Sunday School Association is holding a convention of the Pontotoc County Sunday Schools in our church today and tomorrow. Tomorrow morning at 11 o'clock an address will be delivered by Mr. C. H. Nichols, the general secretary of the State Association. At 8 o'clock the convention will be addressed by Rev. E. M. Sweet, Jr., the State superintendent of the anti-saloon league. All of the churches of the town are urged to be present as Mr. Sweet desires to speak on prohibition.

At 4 o'clock tomorrow afternoon a mass meeting of all of the Sunday schools of the town will be addressed by Mr. C. H. Nichols and it is very important that all of the Sunday school superintendents and teachers be present at that time. Mr. Nichols is a specialist on Sunday school work and his address will be an inspiration to all who hear it.

Mr. Sweet will address the people of the North side tomorrow

morning at 11 o'clock at the Second Methodist church.

All who have no services of their own or any who may be strangers in the city have a cordial invitation to worship with us.

J. D. WHITE, Pastor.

Sunday School Mass Meeting.

All Ada Sunday schools will meet at the First Methodist church Sunday afternoon at 4 o'clock. A big address on Sunday school work will be made by C. H. Nichols, and every Sunday school worker, student and teacher, is urged to attend this meeting.

Monday afternoon at 4:30 there will be an opening of the mite boxes of the baby roll and brigade. The children's parents are urged to encourage a full attendance. At the Methodist church.

Rev. E. M. Sweet, Jr., State superintendent of the Anti-Saloon League, will speak at the North side Methodist church tomorrow at 11 o'clock. This service will be especially interesting to men. All invited.

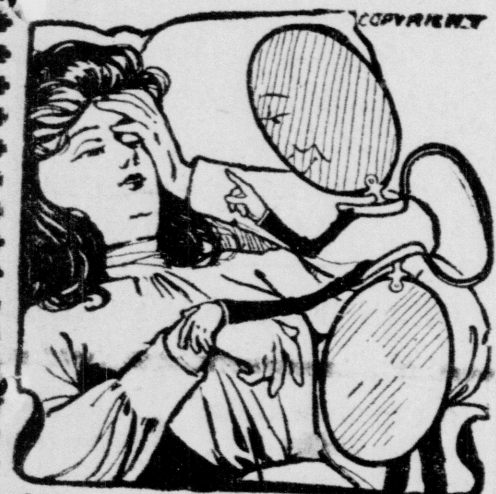

Rev. Ahrenbeck, pastor of the First Presbyterian church, will hold regular services Sunday morning and evening.

The Sunday school mass meeting at the First Methodist church Sunday afternoon at 4 o'clock.

Forty-Two Club.

Last evening being the regular evening for the Forty-Two, Mrs. L. M. King entertained the club in the usual delightful manner. Refreshments, Grape juice, ice cream and cake.

Guests present: Mr. and Mrs. W. C. Duncan, Mr. and Mrs. Will Netherly, Mr. and Mrs. Judge Furman, Mr. and Mrs. Judge Galbraith, Mr. and Mrs. W. H. Ebey, Mr. and Mrs. Will Mays, Mr. and Mrs. T. P. Don't fail to be represented in the special edition of the News. All the progressive and liberal business and professional men of Ada are taking space in it.

On every side in Ada, there are evidences of preparation for a busy and prosperous season. Get yourself in shape for the largest trade the city has ever had.

There will be more public improvement and private investments in Ada during the next twelve months than in the same length of time of any other period of the city's history.

Dennis Flynn who has held the scepter in republican ranks so long and was considered almost invincible on the stump did not show up again after the first round with Gov. Haskell. "Dennis" is very appropriately named now.

Democratic victory is in the air. It is contagious, and the republicans are evidently discouraged at the many evidences of enthusiasm for Bryan and Kern. And the people

are especially pleased with the national democratic platform.

The question of opening the rolls of the five tribes again, was ruled on by Federal Judge Campbell this week to the effect that he had no jurisdiction in the case and that it was a matter for congress to decide by legislation. This puts the case in rather an unfavorable condition for the ten thousand who claim they are entitled to enrollment. It is quite likely a bill will be introduced in congress this winter to have the rolls re-opened.—Pauls Valley Enterprise.

The Indian rolls would never be closed if pretended claimants were consulted. These might be disposed of and forthwith another batch would appear. Congress is not likely to again open the Pandora's box in the shape of Indian citizenship rolls. There has already been enough rascality and false claimants enrolled without again sifting the list.

PRESS COMMENT.

The republicans are saying nothing about the full dinner pail. The Roosevelt panic is still with us. Thousands of men walk the streets in the industrial centers of the North and east begging for work but there is no work.—Wapanucka Press.

The New York World has got off the fence and come out for Bryan. That gives democracy a powerful newspaper in the greatest state and city in the union. The Staats Zeitung, the leading German paper of the United States, is also for Bryan. The drift of the press, like the drift of the votes, is setting in toward Bryan.—Vinita Leader.

Recital.

Friday at Mrs. Geo. A. Truitt's

residence. Mrs. Shanafelt's first-grade pupils gave a recital.

The program consisted of instrumental and vocal selections, and the occasion was a very pleasant one.

Mrs. Shanafelt, the instructor, will arrange for a recital each month by some of her pupils.

Fine Ear of Corn.

E. D. Crow of Bebee neighborhood brought to the News office this morning a very fine ear of corn. It is 12 inches long, weighs one and a half pounds, has 14 rows and 54 grains to the row. Great is Pontotoc soil and greater still its industrious farmers.

Served as coffee, the new coffee substitute known to grocer's everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc., have been so cleverly blended as to give a wonderful satisfying coffee taste and flavor. And it is "made in a minute," too. No tedious 20 to 30 minutes boiling. R. S. Tobin.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. A WAY THEY HAVE.

What This Ada Citizen Says Only Corroborates the Story of Thousands.

The particulars related by this representative citizen of Ada are similar to hundreds of others in this city. When there are scores of people, all anxious to tell about the benefit received from the use of Doan's Kidney Pills, the greatest skeptic in Ada must be convinced. Read the following:

M. J. Malone, Jr., living at 325 W. 16th St., Ada Ok., says: "The actual results obtained from the use of Doan's Kidney Pills procured from G. M. Ramsey's drug store, far exceed my expectations. For five years I had been a great sufferer from a weak back, and other severe symptoms of Kidney disorder. The kidney secretions were usually very unnatural in appearance and the passages were attended by a scalding sensation. I had sharp, piercing pains through my loins, and there was a constant aching across the small of my back, and through my hips, that seemed to sap my energy. Since using Doan's Kidney Pills I have felt well, and my kidneys have been performing their functions in a natural manner."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

OF COURSE HE WOULDN'T.

"You certainly wouldn't marry a girl for her money, would you, Tom?"
"Of course not; neither would I have the heart to let her become an old maid because she happened to be well off."

LOOKED FOR OTHER TWO.

Little One Had But One Idea of Term "Fore-Handed."

Little Catherine has been boarding on a farm this summer, and many of the rural expressions are wholly unfamiliar to her. One day she chanced to hear her country hostess praising the good qualities of a certain thrifty neighbor.

"He really ain't got much, compared to some folks," said the farmer's wife, "but he makes out wonder-ful well; he's so fore-handed."

That evening the man thus lauded happened to drop in, and Katherine immediately sidled up to him, with curious eyes. Slowly she revolved about the chair in which he sat, and so persistently did she gaze at him that the farmer's wife finally noticed it.

"Well, Katherine," she said, "you seem to find a good deal to look at in Mr. B—; don't you?"

"Why," replied the child, her little forehead wrinkled in perplexity. "I did want to see his two upper hands, but I can't. Is he sittin' on 'em?"

Warm Welcome Assured.

"And you say you haven't been home all the afternoon?" reprimanded the old lady on the bridge.

"No'm," confessed the small boy with wet hair.

"Well, why don't you go home right away? Your mother will be wearing her soul away for you."

The little boy was thoughtful.

"Yessum, but if I get there before my hair dries she will be wearing a shingle away for me. You see, I've been in swimming."

SELF DELUSION

Many People Deceived by Coffee.

We like to defend our indulgences and habits even though we may be convinced of their actual harmfulness.

A man can convince himself that whisky is good for him on a cold morning, or beer on a hot summer day—when he wants the whisky or beer. It's the same with coffee. Thousands of people suffer headaches and nervousness year after year but try to persuade themselves the cause is not coffee—because they like coffee.

"While yet a child I commenced using coffee and continued it," writes a Wis. man, "until I was a regular coffee fiend. I drank it every morning and in consequence had a blinding headache nearly every afternoon. My folks thought it was coffee that ailed me, but I liked it and would not admit it was the cause of my trouble, so I stuck to coffee and the headaches stuck to me."

"Finally, the folks stopped buying coffee and brought home some Postum. They made it right (directions on pkg.) and told me to see what difference it would make with my head, and during the first week on Postum my headache did not bother me once. From that day to this we have used nothing but Postum in place of coffee—headaches are a thing of the past and the whole family is in fine health."

"Postum looks good, smells good, tastes good, is good, and does good to the whole body." "There's a Reason."

The Staff of Life.

Bread continues to be the staff of life, and American wheat furnishes the flour that makes the best bread. This is to be borne in mind as an important economic fact. It is brought to public attention by a report of Special Agent Davis of the department of commerce and labor, who has been looking up the matter in England, where he finds that high-grade American flour is much finer than the English article, and he attributes this to the superior quality of our wheat. After giving some interesting information as to the various ways in which the English people utilize flour, he notes the wide extent of the practice of getting supplies from the bakeshops instead of making the bread at home. Agent Davis adds "It is to this baking trade that our American hard-wheat flours naturally appeal. Probably more than one-half England's population are users of baker's bread regularly, and bread is used as food to an extent greater by one-third than in the United States." From all indications the old world will have a moderate wheat crop this year. With the "bumper" yield promised here it is evident that the United States will be again in position to furnish British and other consumers with first-class foodstuffs.

Service in the medical department of the army has been made more attractive by two measures passed at the recent session of congress. The number of medical officers in the lower ranks has been raised to 300, making a total of 444 in the department. The officer is promoted to the rank of captain within three years of enlistment, instead of five, will become a major in a comparatively short time, and will reach the rank of lieutenant colonel, if not that of colonel, before retirement. This increased rapidity of promotion, with correspondingly greater jurisdiction over the health of the soldiers, must appeal to physicians who desire to serve their country. Then, too, the increase in pay makes it possible for a physician to enlist without doing injustice to his family. The young doctor will receive a salary of \$2,000 a year at the beginning, rising at each rank till he receives \$4,000 as colonel. An increase of ten per cent. in salary is made every five years for 20 years, but the maximum pay of colonels is \$5,000 and of majors \$4,000. In addition, the government provides a house, with necessary heat and light, and furnishes horses when they are needed.

Emperor William of Germany came into possession in 1899 of the ruins of the ancient feudal castle of Hohkönigsburg, near Schlettstadt, in Lower Alsace. He commissioned an antiquary to restore it to its condition before it was destroyed in the eighteenth century. The completion of the work was celebrated the other day by medieval ceremonies in the presence of the emperor and empress. The town, with its 10,000 inhabitants, was gallily decorated in honor of the occasion, and the 300 people who took part in the feudal pageant were highly commended by the emperor. The restoration of such castles is worth while, because they remind one of how far the world has progressed toward the ideal conditions. The highways of Europe are no longer infested with robbers, and the feudal lords have long ceased making forays upon their neighbors.

At a famous ball given at the Luxembourg, Mme. Taillieu wore a Greek costume, caught up at the side. Sandals on her feet showed magnificent diamond rings on the toes of each foot. How dreadfully uncomfortable it must be to walk in rings, even diamond rings! But if this "fancy dress ball" rig must be adopted by our fashionable women, why not have Indian toe rings brought into vogue at once? I have seen some lovely ones, explains a writer in the Boston Globe, but they were kept in a collector's cabinet, although one of the most artistic has been made over to fit the finger of an ardent admirer of Oriental art.

Dr. Wiley, government chemist, made a speech at the National Bakers' association in Atlantic City the other day, in which he gave that body some excellent advice as to the making of bread, but when he asserted that "anything that isn't fit to eat when raw isn't fit to eat when cooked," wasn't he overdrawn a little? What about potatoes? And green corn? And shelled beans? Is the doctor in the habit of eating them raw?

One of the effects of the German old-age pension scheme is rather peculiar. The pension is forfeited if the workman does not work 48 or 49 weeks out of the 52 on an average, and this provision has been a deterrent to strikes.

Japan is making an attempt at locomotive construction. As an experiment, five engines are being built at the Hyogo Railway works. One is completed and in use, giving satisfaction.

"Nails."

"Nails are a mighty good thing—particularly finger nails—but I don't believe they were intended solely for scratching—though I used mine largely for that purpose for several years. I was sorely affected and had it to do. One application of Hunt's Cure, however, relieved my itch and less than a box cured me entirely."

Novel Use for Visiting Cards.

In connection with the forthcoming world's drawing congress in London, when it is anticipated that 3,000 people will attend the reception at the Royal College of Art, it is proposed, for the purposes of identification, that members of the British committee should wear their visiting cards upon the lapels of their coats or their dress bodices.

Laundry work at home would be much more satisfactory if the right starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Defiance Starch, as it can be applied much more thinly because of its greater strength than other makes.

Why He Felt Sad.

"Yes, I felt bad 'cause the home team lost."

BABY CRIED AND SCRATCHED

All the Time—Covered with Torturing Eczema—Doctor Said Sores Would Last for Years—Perfect Cure by Cuticura.

"My baby niece was suffering from that terrible torture, eczema. It was all over her body but the worst was on her face and hands. She cried and scratched all the time and could not sleep night or day from the scratching. I had her under the doctor's care for a year and a half and he seemed to do her no good. I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But if I had depended on the doctor my baby would have lost her mind and died from the want of aid. But I used Cuticura Soap and Cuticura Ointment and she was cured in three months. Alice L. Dowell, 4769 Easton Ave., St. Louis, Mo., May 2 and 20, 1907."

Dr. Gustave A. Elsengraeber, of St. Paul, Minn., says: "I have used your Castoria repeatedly in my practice with good results, and can recommend it as an excellent, mild and harmless remedy for children."

Dr. E. J. Dennis, of St. Louis, Mo., says: "I have used and prescribed your Castoria in my sanitarium and outside practice for a number of years and find it to be an excellent remedy for children."

Dr. S. A. Buchanan, of Philadelphia, Pa., says: "I have used your Castoria in the case of my own baby and find it pleasant to take, and have obtained excellent results from its use."

Dr. J. E. Simpson, of Chicago, Ill., says: "I have used your Castoria in cases of colic in children and have found it the best medicine of its kind on the market."

Dr. R. E. Eskildson, of Omaha, Neb., says: "I find your Castoria to be a standard family remedy. It is the best thing for infants and children I have ever known and I recommend it."

Dr. L. R. Robinson, of Kansas City, Mo., says: "Your Castoria certainly has merit. Is not its age, its continued use by mothers through all these years, and the many attempts to imitate it, sufficient recommendation? What can a physician add? Leave it to the mothers."

Dr. Edwin F. Pardee, of New York City, says: "For several years I have recommended your Castoria and shall always continue to do so, as it has invariably produced beneficial results."

Dr. N. B. Sizer, of Brooklyn, N. Y., says: "I object to what are called patent medicines, where maker alone knows what ingredients are put in them, but I know the formula of your Castoria and advise its use."

WOULD ANNUL MARRIAGE

M. S. Nelson Applies for Writ of Habeas Corpus to Gain Possession of His Daughter.

Today Judge Terrell of the County Court is hearing a case both interesting and peculiar. S. M. Nelson of the Wapauca county, in Johnston County, has applied for a writ of habeas corpus to gain possession of a daughter who on the 21st was married to one Louis Page, a full-blood Indian.

The application for the writ sets out that Page through fraudulent means procured license for marriage in the county judge's office at Ada, on the 19th inst., and that on the 21st was married to Hattie Nelson, the minor child of the plaintiff, in the case.

It is unlawful for a girl of less than 18 years of age to marry without the consent of the parents, and in this case, forged order from Hattie Nelson's father was produced and the license were issued to Page because of this. It is reported, however, it has not yet been brought

out, that the young bride claims that she wrote the order for the papers herself and signed her father's name to same, and that Page had nothing to do with it. When the hearing for the writ has been concluded Page will be tried before Justice Brown on the charge of forgery.

The young couple were arrested at Wapauca several days ago and brought to Ada. Page made bond, and he and his young "pale face" bride have been stopping at the Bird Hotel.

The bride is attractive and the groom seems to be a very intelligent Chickasaw. They seem to be devotedly devoted one to the other, and it looks as though the effort to annul the marriage and keep them apart will prove futile.

Judge J. P. Wood, formerly of Ada, but now of Wapauca, is here as attorney for the plaintiff, and R. C. Roland of this city is representing the defendant.

Ada Again Victorious.

Yesterday's game proved to be another good one. Ada defeating Lehigh by a score of 4 to 3. The game was interesting from start to finish, being but few errors made on either side and many good plays. Atkins was in the box for Ada, and with his usual speed and swift wing work, held Lehigh down to only six hits. Up to the first half of the fourth inning Lehigh could not get a man to first base.

Atkins has kept his pitching ability hidden until recently and no one knew that he was capable of doing anything only good fielding and fast base running to accompany his good stick work. His pitching is excellent and he has not lost a game this season.

Another close game is expected this afternoon which closes the series with Lehigh.

The main feature of yesterday's game was a three base hit by

Braun for Ada, and Bogas for Lehigh.

Following is the score:

Don't fail to be represented in the special edition of the News. All the progressive and liberal business and professional men of Ada are taking space in it.

On every side in Ada, there are evidences of preparation for a busy and prosperous season. Get yourself in shape for the largest trade the city has ever had.

There will be more public improvement and private investments in Ada during the next twelve months than in the same length of time of any other period of the city's history.

Deanis Flynn who has held the scepter in republican ranks so long and was considered almost invincible on the stump did not show up again after the first round with Nov. Haskell. "Deanis" is very appropriately named now.

Democratic victory is in the air. It is contagious, and the republicans are evidently discouraged at the many evidences of enthusiasm for Bryan and Kern. And the people

are especially pleased with the national democratic platform.

The question of opening the rolls of the five tribes again, was ruled on by Federal Judge Campbell this week to the effect that he had no jurisdiction in the case and that it was a matter for congress to decide by legislation. This puts the case in rather an unfavorable condition for the ten thousand who claim they are entitled to enrollment. It is quite likely a bill will be introduced in congress this winter to have the rolls re-opened. Pauls Valley Enterprise.

The Indian rolls would never be closed if pretended claimants were consulted. These might be disposed of and forthwith another batch would appear. Congress is not likely to again open the Pandora's box in the shape of Indian citizenship rolls. There has already been enough raceability and false claimants enrolled without again sifting the list.

PRESS COMMENT.

The republicans are saying nothing about the full dinner pail. The Roosevelt panic is still with us. Thousands of men walk the streets in the industrial centers of the North and east begging for work but there is no work.—Wapauka Press

The New York World has got off the fence and come out for Bryan. That gives democracy a powerful newspaper in the greatest state and city in the union. The Staats Zeitung, the leading German paper of the United States, is also for Bryan. The drift of the press, like the drift of the votes, is setting in toward Bryan.—Vinita Leader.

Recital.
Friday at Mrs. Geo. A. Trull's

residence. Mrs. Shanafelt's first-grade pupils gave a recital. The program consisted of instrumental and vocal selections, and the occasion was a very pleasant one. Mrs. Shanafelt, the instructor, will arrange for a recital each month by some of her pupils.

Fine Ear of Corn.

E. D. Crow of Beber neighborhood brought to the News office this morning a very fine ear of corn. It is 12 inches long, weighs one and a half pounds, has 14 rows and 54 grains to the row. Great is Pontotoc soil and greater still its industrious farmers.

Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc., have been so cleverly blended as to give a wonderful satisfying coffee taste and flavor. And it is "made in a minute." too. No tedious 20 to 30 minutes boiling. R. S. Tobin.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible, but I can now surely kill the pains and pangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many cases of Rheumatism; but now, at last, I uniformly cure all curable cases of this heretofore most dreaded disease. Those and like granular wastes, found in Rheumatic Blood seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

What This Ada Citizen Says Only Corroborates the Story of Thousands.

The particulars related by this representative citizen of Ada are similar to hundreds of others in this city. When there are scores of people, all anxious to tell about the benefit received from the use of Doan's Kidney Pills, the greatest skeptic in Ada must be convinced. Read the following:

M. J. Malone, Jr., living at 325 W. 16th St., Ada Ok., says: "The actual results obtained from the use of Doan's Kidney Pills procured from G. M. Ramsey's drug store, far exceed my expectations. For five years I had been a great sufferer from a weak back, and other severe symptoms of Kidney disorder. The kidney secretions were usually very unnatural in appearance and the passages were attended by a scalding sensation. I had sharp, piercing pains through my loins, and there was a constant aching across the small of my back, and through my hips, that seemed to sap my energy. Since using Doan's Kidney Pills I have felt well, and my kidneys have been performing their functions in a natural manner."

WOULD ANNUL MARRIAGE

M. S. Nelson Applies for Writ of Habeas Corpus to Gain Possession of His Daughter.

Today Judge Terrell of the County Court is hearing a case both interesting and peculiar. S. M. Nelson of the Wapauca country, in Johnston County, has applied for a writ of habeas corpus to gain possession of a daughter who on the 21st was married to one Louis Page, a full-blood Indian.

The application for the writ sets out that Page through fraudulent means procured license for marriage in the county judge's office at Ada, on the 19th inst., and that on the 21st was married to Hattie Nelson, the minor child of the plaintiff, in the case.

It is unlawful for a girl of less than 18 years of age to marry without the consent of the parents, and in this case, forged order from Hattie Nelson's father was produced and the license was issued to Page because of this. It is reported, however, it has not yet been brought

out, that the young bride claims that she wrote the order for the papers herself and signed her father's name to same, and that Page had nothing to do with it. When the hearing for the writ has been concluded Page will be tried before Justice Brown on the charge of forgery.

The young couple were arrested at Wapauca several days ago and brought to Ada. Page made bond, and he and his young "pale face" bride have been stopping at the Bird Hotel. The bride is attractive and the groom seems to be a very intelligent Chickasaw. They seem to be devotedly devoted one to the other, and it looks as though the effort to annul the marriage and keep them apart will prove futile.

Judge J. P. Wood, formerly of Ada, but now of Wapauca, is here as attorney for the plaintiff, and R. C. Roland of this city is representing the defendant.

Ada Again Victorious.

Yesterday's game proved to be another good one, Ada defeating Lehigh by a score of 4 to 3. The game was interesting from start to finish, being but few errors made on either side and many good plays. Atkins was in the box for Ada, and with his usual speed and swift wing work, held Lehigh down to only six hits. Up to the first half of the fourth inning Lehigh could not get a man to first base.

Atkins has kept his pitching ability hidden until recently and no one knew that he was capable of doing anything only good fielding and fast base running to accompany his good stick work. His pitching is excellent and he has not lost a game this season.

Another close game is expected this afternoon which closes the series with Lehigh.

The main feature of yesterday's game was a three base hit by

Braun for Ada, and Boggs for Lehigh.

Following is the score:

THE CHURCHES.

First Methodist Church.

The Oklahoma Sunday School Association is holding a convention of the Pontotoc County Sunday Schools in our church today and tomorrow. Tomorrow morning at 11 o'clock an address will be delivered by Mr. C. H. Nichols, the general secretary of the State Association. At 3 o'clock the convention will be addressed by Rev. E. M. Sweet, Jr., the State superintendent of the anti-saloon league. All of the churches of the town are urged to be present as Mr. Sweet desires to speak on prohibition.

At 4 o'clock tomorrow afternoon a mass meeting of all of the Sunday schools of the town will be addressed by Mr. C. H. Nichols and it is very important that all of the Sunday school superintendents and teachers be present at that time. Mr. Nichols is a specialist on Sunday school work and his address will be an inspiration to all who hear it.

The Facilities for Handling the Increasing Business of the

Farmers State Bank

Enlarged

The Directors of this Bank take pleasure in making the announcement to the public that a Savings Department has been added to the Farmers State Bank. We wish in this connection to publicly express our appreciation of the confidence which the business and professional men of Ada and Pontotoc county repose in the management of the bank by transacting their business through this bank.

But we especially invite the attention of the small depositor and those who have no bank account to our Savings Department. Pay all your bills by check. Have you stopped to consider the many advantages of transacting business in this manner? Every check issued by you is returned at the end of each month and is a receipt for money paid. If you have only ONE DOLLAR come to this bank and start a bank account. Small accounts receive the same careful attention as the larger ones. When you think of a bank remember that the only bank in Ada that guarantees every dollar, and ONE HUNDRED CENTS ON THE DOLLAR, is the

Don't fail to be present in the special edition of the News. All the progressive and liberal business and professional men of Ada are taking part in it.

On every side in Ada there are evidences of preparation for a busy and prosperous season. Get yourself in shape for the largest trade the city has ever had.

There will be more public improvement and private investments in Ada during the next twelve months than in the same length of time of any other period of the city's history.

Deamus Flynn who has held the scepter in republican ranks so long and was considered almost invincible on the stump did not show up again after the first round with Max Haskell. Deamus is very up appropriately named now.

Democratic victory is in the air. It is contagious and the republicans are evidently discouraged at the many evidences of enthusiasm for Bryan and Kern. And the people

are especially pleased with the national democratic platform.

The question of opening the tolls of the five tubes again was ruled on by Federal Judge Campbell this week to the effect that he had no jurisdiction in the case and that it was a matter for Congress to decide by legislation. This puts the case in rather an unfavorable condition for the ten thousand who claim they are entitled to enrollment. It is quite likely a bill will be introduced in Congress this winter to have the tolls reopened. Pauls Valley Enterprise.

The Indian tolls would never be closed if pretended claimants were consulted. These might be disposed of and forthwith another arch would appear. Congress is not likely to open the Pindora's box in the shape of Indian citizenship tolls. There has already been enough rise and fall of elements. Roll it without again stirring the list.

PRESS COMMENT

The republicans are saying nothing about the bill dinner paid. The Roosevelt name is still with us. Thousands of men with the streets in the industrial centers of the North and east begging for work but there is no work—Wapanucki Press.

The New York World has got on the fence and come out for Bryan. That gives democracy a powerful newspaper in the greatest state and city in the union. The Staats Zeitung the leading German paper of the United States is also for Bryan. The drift of the press like the drift of the votes is setting in toward Bryan—Vinita Leader.

residence Mrs. Shanafelt's first grade pupils gave a recital. The program consisted of instrumental and vocal selections and the occasion was a very pleasant one. Mrs. Shanafelt the instructor will arrange for a recital each month by some of her pupils.

Five Bar of Corn.

E. D. Crow of Baber neighborhood brought to the News office this morning a very fine ear of corn. It is 12 inches long weighs one and a half pounds. It has 11 rows and 54 grains to the row. Great is Panotoc soil and greater still its industrious farmers.

Mrs. L. Rosenfield and our friend Mrs. Adams are busy in the market selecting the new styles of millinery of fall and winter styles. Mrs. Adams will be in Ada Sept. 15th with wed&sal.

Rheumatism

I have found a tried and tested cure for Rheumatism! A remedy that will straighten the distorted limbs of chronic cripples, not turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and cause of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made. A perfect dependable prescription. Without that last ingredient I successfully treated many cases of Rheumatism. But now at last I can firmly cure all curable cases of this heretofore much dreaded disease. These and like granular wastes found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then when dissolved these poisonous wastes freely pass from the system and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer with our help. We sell and in confidence recommend.

August time, tells on the nerves. But that spiritless, no ambition feeling can be easily and quickly altered by taking what is known by druggists everywhere as Dr. Shoop's Restorative. Within 48 hours after beginning to use the Restorative, improvement will be noticed. Of course, full health will not immediately return. The pain, however, will surely follow. And best of all, you will realize and feel your strength and ambition as it is returning. Outside influences depress first the "inside nerves" then the stomach, heart, and kidneys will usually fail. Strengthen these failing nerves with Dr. Shoop's Restorative and see how quickly health will be yours again. Sold by G. M. Ramsey.

A WAY THEY HAVE.

What This Ada Citizen Says Only Corroborates the Story of Thousands.

The particulars related by this representative citizen of Ada are similar to hundreds of others in this city. When there are scores of people, all anxious to tell about the benefit received from the use of Doan's Kidney Pills, the greatest skeptic in Ada must be convinced. Read the following:

M. J. Malone, Jr., living at 325 W. 16th St., Ada Ok., says: "The actual results obtained from the use of Doan's Kidney Pills procured from G. M. Ramsey's drug store, far exceed my expectations. For five years I had been a great sufferer from a weak back, and other severe symptoms of Kidney disorder. The kidney secretions were usually very unnatural in appearance and the passages were attended by a scalding sensation. I had sharp, piercing pains through my loins, and there was a constant aching across the small of my back, and through my hips, that seemed to sap my energy. Since using Doan's Kidney Pills I have felt well, and my kidneys have been performing their functions in a natural manner."

The Staff of Life.
Bread continues to be the staff of life, and American wheat furnishes the flour that makes the best bread. This is to be borne in mind as an important economic fact. It is brought to public attention by a report of Special Agent Davis of the department of commerce and labor, who has been looking up the matter in England, where he finds that high-grade American flour is much finer than the English article, and he attributes this to the superior quality of our wheat. After giving some interesting information as to the various ways in which the English people utilize flour, he notes the wide extent of the practice of getting supplies from the bakeries instead of making the bread at home. Agent Davis adds "It is to this baking trade that our American hard-wheat flour naturally appeals. Probably more than one-half England's population are users of baker's bread regularly, and bread is used as food to an extent greater by one-third than in the United States." From all indications the old world will have a moderate wheat crop this year. With the "bumper" yield promised here it is evident that the United States will be again in position to furnish British and other consumers with first-class foodstuffs.

Service in the medical department of the army has been made more attractive by two measures passed at the recent session of congress. The number of medical officers in the lower ranks has been raised to 300, making a total of 444 in the department. The officer is promoted to the rank of captain within three years of enlistment, instead of five, will become a major in a comparatively short time, and will reach the rank of lieutenant colonel, if not that of colonel, before retirement. This increased rapidity of promotion, with correspondingly greater jurisdiction over the health of the soldiers, must appeal to physicians who desire to serve their country. Then, too, the increase in pay makes it possible for a physician to enlist without doing injustice to his family. The young doctor will receive a salary of \$2,000 a year at the beginning, rising at each rank till he receives \$4,000 as colonel. An increase of ten per cent. in salary is made every five years for 20 years, but the maximum pay of colonels is \$5,000 and of majors \$4,000. In addition, the government provides a house, with necessary heat and light, and furnishes horses when they are needed.

Emperor William of Germany came into possession in 1899 of the ruins of the ancient feudal castle of Hohenknecht, near Schlestadt, in Lower Alsace. He commissioned an antiquary to restore it to its condition before it was destroyed in the eighteenth century. The completion of the work was celebrated the other day by medieval ceremonies in the presence of the emperor and empress. The town, with its 10,000 inhabitants, was gallantly decorated in honor of the occasion, and the 800 people who took part in the feudal pageant were highly commended by the emperor. The restoration of such castles is worth while, because they remind one of how far the world has progressed toward the ideal conditions. The highways of Europe are no longer infested with robbers, and the feudal lords have long ceased making forays upon their neighbors.

At a famous ball given at the Luxembourg, Mme. Tallieu wore a Greek costume, caught up at the side. Sandals on her feet showed magnificent diamond rings on the toes of each foot. How dreadfully uncomfortable it must be to walk in rings, even diamond rings! But if this "fancy dress ball" rig must be adopted by our fashionable women, why not have Indian toe rings brought into vogue at once? I have seen some lovely ones, explains a writer in the Boston Globe, but they were kept in a collector's cabinet, although one of the most artistic has been made over to fit the finger of an ardent admirer of Oriental art.

Dr. Wiley, government chemist, made a speech at the National Bakers' association in Atlantic City the other day, in which he gave that body some excellent advice as to the making of bread, but when he asserted that "anything that isn't fit to eat when raw isn't fit to eat when cooked," wasn't he overdrawing it a little? What about potatoes? And green corn? And shelled beans? Is the doctor in the habit of eating them raw?

One of the effects of the German old-age pension scheme is rather peculiar. The pension is forfeited if the workman does not work 48 or 49 weeks out of the 52 on an average, and this provision has been a deterrent to strikes.

Japan is making an attempt at locomotive construction. As an experiment, five engines are being built at the Hyogo Railway works. One is completed and in use, giving satisfaction.

"Nails are a mighty good thing—particularly finger nails—but I don't believe they were intended solely for scratching—though I used mine largely for that purpose for several years. I was sorely affected and had it to do. One application of Hunt's Cure, however, relieved my itch and less than a box cured me entirely."
J. M. WARD, Index, Texas.

Nevel Use for Visiting Cards.
In connection with the forthcoming world's drawing congress in London, when it is anticipated that 3,000 people will attend the reception at the Royal College of Art, it is proposed, for the purposes of identification, that members of the British committee should wear their visiting cards upon the lapels of their coats or their dress bodices.

Laundry work at home would be much more satisfactory if the right Starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Defiance Starch, as it can be applied much more thinly because of its greater strength than other makes.

Why He Felt Sad.
"Young man," said the stern old broker, "I find that you slipped off yesterday afternoon and went to the ball game. Don't you feel bad about it?"
"Indeed I do, boss," confessed Tommy.
"Ah! That's one consolation."
"Yes, I felt bad 'cause the home team lost."

BABY CRIED AND SCRATCHED
All the Time—Covered with Torturing Eczema—Doctor Said Sores Would Last for Years—Perfect Cure by Cuticura.

"My baby niece was suffering from that terrible torture, eczema. It was all over her body, but the worst was on her face and hands. She cried and scratched all the time and could not sleep night or day from the scratching. I had her under the doctor's care for a year and a half and he seemed to do her no good. I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But if I had depended on the doctor my baby would have lost her mind and died from the want of aid. But I used Cuticura Soap and Cuticura Ointment and she was cured in three months. Alice L. Dowell, 4769 Easton Ave., St. Louis, Mo., May 2 and 30, 1907."

What is Castoria.

CASTORIA is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The children's Panacea—The Mother's Friend.

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

THE "LESS" AGE.

Cholly—it's wonderful, bah Jove! Riding without harness, telegraphing without wires, and all these things. Maude—Yes and thinking without brains.

Never Fails.
"There is one remedy, and only one I have ever found, to cure without fail such troubles in my family as eczema, ringworm and all others of an itching character. That remedy is Hunt's Cure. We always use it and it never fails."
W. M. CHRISTIAN, Rutherford, Tenn.

Habit has more force in forming our characters than opinions have.—R. Hall.

Letters from Prominent Physicians addressed to Chas. H. Fletcher:

Dr. F. Gerald Blatner, of Buffalo, N. Y., says: "Your Castoria is good for children and I frequently prescribe it, always obtaining the desired results."

Dr. Gustave A. Elsenraeber, of St. Paul, Minn., says: "I have used your Castoria repeatedly in my practice with good results, and can recommend it as an excellent, mild and harmless remedy for children."

Dr. E. J. Dennis, of St. Louis, Mo., says: "I have used and prescribed your Castoria in my sanitarium and outside practice for a number of years and find it to be an excellent remedy for children."

Dr. S. A. Buchanan, of Philadelphia, Pa., says: "I have used your Castoria in the case of my own baby and find it pleasant to take, and have obtained excellent results from its use."

Dr. J. E. Simpson, of Chicago, Ill., says: "I have used your Castoria in cases of colic in children and have found it the best medicine of its kind on the market."

Dr. R. E. Eskildson, of Omaha, Neb., says: "I find your Castoria to be a standard family remedy. It is the best thing for infants and children I have ever known and I recommend it."

Dr. L. R. Robinson, of Kansas City, Mo., says: "Your Castoria certainly has merit. Is not its age, its continued use by mothers through all these years, and the many attempts to imitate it, sufficient recommendation? What can a physician add? Leave it to the mothers."

Dr. Edwin F. Pardee, of New York City, says: "For several years I have recommended your Castoria and shall always continue to do so, as it has invariably produced beneficial results."

Dr. N. B. Sizer, of Brooklyn, N. Y., says: "I object to what are called patent medicines, where maker alone knows what ingredients are put in them, but I know the formula of your Castoria and advise its use."
